Response to FOIA Request to Executive Office for United States Attorneys – Re: FOIA-2016-03570

Monday, September 5, 2016 - 03:03 AM

Dear Thomas D. Anderson,

Pursuant to Title 5 U.S.C. § 552, Freedom of Information Act, I am filing this response Pro Se, as a respectful individual in his individual capacity, requesting a small number of specific records, if such records exist and can be located.

I specifically am modifying my FOIA Request formally requested on July 25, 2016. I have received your August 15, 2016 letter, in an envelope on September 3, 2016 as when delivered by the U.S. Postal Service. I have attached my signed copy of your “Brian D. Hill FOIA-2016-03570” form to this letter, as well as the letter that you have sent to me in regards to that FOIA Request. However this form and my modifications of my FOIA Request does not apply to my secondary FOIA Request regarding my request for my criminal Discovery Packet, as I feel I still have a right to have access to a copy of my Discovery packet evidence to amount an affirmative defense of “Frame Up” under Actual Innocence for a technical possession charge I was wrongfully convicted of on November 12, 2014. So I ask that this FOIA Request remain separate as the records sought are entirely of a different matter in my second request.

This is in response to FOIA Request #FOIA-2016-03570.

ORIGINAL FOIA REQUEST SPECIFICATIONS:

The records I am requesting are any copies of email records, documents, memos, fax records, digital records, and voice messages. The records I am requesting is in reference to “Brian David Hill” and any cases or research involving “Brian David Hill” between the dates, January 2012 to August 2012. Any exchanges between the U.S. Attorney and anybody between those dates.

The records I am requesting is in reference to the criminal case matter involving myself “Brian David Hill” and any research involving “Brian David Hill” between the dates, May 2012 to August 2012.

The records are for the component of the U.S. Attorney Office in Greensboro, N.C., under Ripley Rand and Assistant Anand P. Ramaswamy. The federal case is now closed and has been closed since November 12, 2014. Appeal had been filed but was untimely.

The Fee Category I am filing this request through is as follows:
Disability and indigent status: The request is pertinent to investigating the truth. I am indigent and qualify under Social Security to receive SSI Disability income, and that I qualify for a caretaker under Virginia Medicaid. Since I live off of SSI disability, I cannot afford any fees over $75. So I like to be notified in advance, if I have to pay any fees per this FOIA request.

I have also checked that the request be limited to two hours. As searching for specific email records and fax communication records by the listed contact parties, see above, and any contact with U.S. Attorney Ripley Rand and/or Assistant U.S. Attorney Anand Prakash Ramaswamy between May, 2012, to August, 2012, are specific and very well limited. The cost for searching up such records should be far cheaper then what I had originally requested. It shouldn’t take up much time to research the less broader records.

I request a “Fee Waiver” on the specific ground of investigating the truth to help prove that I was “framed” with possession of child pornography to be found Actually Innocent. To be found Actually Innocent means that I can petition to be removed from the Virginia Sex Offender Registry for innocence to the criminal charge. False(What I consider in regards to myself) Sex Offender registrations due to ineffective assistance of counsel and wrongful convictions delude the difference between real Sexual Offenders and Frame Up victims. Even Anand Ramaswamy even acknowledged that I believe I “was set up.”

Media has taken interest in the matter of which I resolve the ongoing issues in my Federal criminal case. We Are Change NC news reporter/Journalist Aaron Kesel has taken an interest in continuing to receive updates from me regarding my criminal case to write future news article postings on wearechange.org. I have also contacted the
Greensboro News & Record, and a news reporter from there has agreed to consider mentioning about my criminal case in their newspaper once I file a Motion for a New Trial or 2255 Motion.

There is a lack of confidence in my Federal criminal conviction which will lead to lack of public confidence in the Federal Court system. Everyone I have spoke to that has investigated my criminal case has doubts about the legitimacy of my guilty plea and my criminal conviction. The number of people doubting my factual guilt will only increase as there are greater efforts to educate people on the fault of my criminal case by faulty prosecutorial evidence.

For the public good, as the public interest will slowly increase overtime as I continue battling to find out the truth, for overturning my wrongful conviction and increase the confidence in the Sex Offender Registry, it is of public interest that Fees be reduced or waived to sustain my FOIA Request for myself while I am only receiving Social Security Disability (SSI) income. Higher fees will cripple my ability to investigate the truth, find records that can help me find out the truth, and be able to resolve the ongoing issues of my criminal case. Yes my case is technically closed, yes I been technically convicted, but in my opinion my criminal conviction is only of a technical nature but is losing the moral high ground.

I will continue contacting news reporters and get more media involved in my criminal case to watch as I continue fighting to prove my Actual Innocence, that I was framed with child pornography for political reasons which may include State of North Carolina and local officials. State of N.C. even is considered my victim, how odd.

I also am willing to swear under Declaration that I have managed to apply for an Innocence Clinic in North Carolina to which has accepted the criteria of my wrongful conviction, and is awaiting further review/evaluation by the law school students but I am confident that they will take my criminal case due to my Affidavit of Actual Innocence and other evidence issues that were brought to their attention. I am conducting all of these Pro Se legal efforts to gather more evidence to convince more Innocence Clinics to demand answers on my false guilty plea and bring Actual Innocence grounds into reality by finding newly discovered evidence.

So because I am getting media involvement and I am not sure what you consider as a qualified “media representative” or that media has taken an interest in my case, but We Are Change is “alternative media” and does promote stories regarding Government in a truthful and factual manner. Because We Are Change is interested in my case, as well as an Innocence Clinic, and because of deteriorating credibility of the Sex Offender Registry by adding sexual virgins and frame up victims, it is of public interest to consider reducing the Fees for my FOIA Request and maybe even consider the expedited track. I can FAX a declaration with Exhibits of news articles that mentioned my current criminal case as proof of media involvement to support my request for Fee Waivers. Another news media outlet mentioning about my criminal case is from news reporter Steve Green of the Orange County Register in California, and was once apart of the Las Vegas Sun newspaper in Nevada, when he was reporting on my Righthaven case in Federal Court.

Declaration(Statement under Penalty of Perjury):
--Release Statement--
Declaration authorized by Title 28 U.S.C. § 1746

I declare that I am Brian David Hill, that I am currently a U.S. Citizen, and that I am born on

My SS# is [Redacted]

I am requesting records concerning myself. I am the person that is seeking the records concerning myself.

I grant myself permission to request records that contain personal and confidential information on myself.

I live off of my SSI disability and I do not work a job. So I live off of a limited income. I am disabled.

Ever since my wrongful criminal conviction on November 12, 2014, I have increased my efforts of investigating the truth to help prove that I was “framed” with possession of child pornography to be found Actually Innocent in a 2255 Motion or file newly discovered evidence in a Rule 33 Motion before June 10, 2017, to request a New Trial to be acquitted. I want to prove my Innocence so that I can be found Actually Innocent, so that I can petition to be removed from the Virginia Sex Offender Registry for innocence to the criminal charge against me. I consider myself a Sex Pretender and do not recognize my criminal conviction as legitimate, I don’t recognize myself as a Sexual Offender. Even Anand Ramaswamy even acknowledged that I believe I “was set up” at the Revocation hearing or some other hearing at the U.S. Courthouse.

I have also requested Legal Assistance from Innocence Projects and/or Clinics. I have received multiple letters from one Innocence Clinic that shows they have taken an interest for their law students to review over my claims of innocence. I believe that my case will be reviewed sometime in September or October, 2016. I am also exhausting every effort in my power to get evidence reviewed to see if I can overturn my criminal conviction.
I am conducting Pro Se legal efforts to gather more evidence to convince more Innocence Clinics to demand answers on my false guilty plea and bring Actual Innocence grounds into reality by finding newly discovered evidence. I am also attempting to get more media involvement to strengthen my public outreach in America. I also am aware that my friends and/or family are making efforts to get my criminal case to public outreach on the internet to get more public interest in the outcome of getting my wrongful conviction overturned.

I consider all FOIA Requests pertinent to pursuing the truth, to be of public interest and of importance in confidence of Government. Wrongful criminal convictions delude the confidence in our criminal justice system, and pushes people towards vigilante justice or to push for efforts to abolish the courts of law or even of abolishing or reforming the police. I consider pushing for Justice to correct my wrongful conviction by proving that I was framed with child pornography, even though I am considered technically guilty of possession itself, it doesn't change the FACT that a “Frame Up” is Actual Innocence as an Affirmative Defense. People that were framed with child pornography are NOT child porn collectors and should not be punished the same as child molesters and pedophiles, in my personal opinion and belief. I am sure every reasonable Juror would agree with me, that people framed with child pornography images/videos should not be convicted as such convictions will lead to Sex Offender Registration of “Frame Up” victims. It will lead to discrimination and a lack of morals in such Sex Offender Registration. In my opinion, being framed with child porn is not moral and such acts of framing another person with child porn are cowardly in my opinion. It is about assassinating somebodies character.

My character was assassinated on August 28, 2012, when I was raided by Mayodan Police for being framed with child pornography. It was an effort to shut down USWGO Alternative News at uswgo.com domain name. I believe it was an effort to force me on the Sex Registry and force me off of the internet. The police even acknowledged to my family that I should never be allowed to use a computer again, as they were also aware of my political opinions online in 2012.

My FOIA Requests help determine my future on whether I should overturn my wrongful criminal conviction. They help to determine whether I can uncover the truth as Ryan Ferguson is trying to do on his new MTV TV Show “Uncovering the truth”. I only want to uncover the truth and get a real private investigation into my criminal case. I want to know how I was framed with child porn, who could have framed me with child pornography, when I was framed, and why I was framed. Was it by a computer hacker, or planted evidence by law enforcement, or both?

My FOIA Request is for the sake of resolving the issues I have in my criminal case, the public issues I had filed on Docket Pro Se, and to uncover the truth. I want to file these FOIA Requests to seek justice, since I am poor and cannot afford to buy Justice in our State and Federal Courts. Justice requires money to pay for highly skilled Defense Attorneys and expert witnesses. I was denied effective assistance of counsel and denied opportunity to present expert witnesses to prove my Actual Innocence. I want to prove my Actual Innocence. I want to overturn my wrongful conviction.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on September 5, 2016.
